

NEW PLASTIC SLIDER

# ANOTHER STANDARD

Looks almost exactly like die-cast slider but much lighter weight

 **GOOD DESIGN AWARD 2015**

**NEW ITEM**

## MINIMAL DESIGN SLIDER

Our newly developed NF5B slider features a very minimal design.

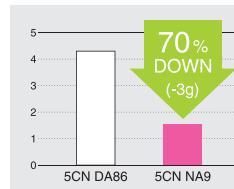

The slider has no puller so a customized cord puller can be attached to the slider body directly.

## KEY FEATURES

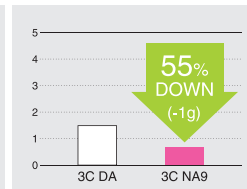

### Lightweight

Slider size.5

No.5 NA9 is lighter about 70% than die-cast slider

Slider size.3

No.3 NA is lighter about 55% than die-cast slider

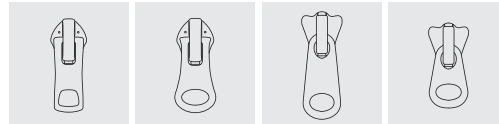

### Simple & Sleek Design

Smart look of the slider and smooth surface of slider body are achieved by snap-in design.

### Stylish standard slider form

Original customized pullers are also available upon request.

### Other Advantages

- ANTI-CORROSIVE
- ANTI-PEELING
- NO NEED for KENSIN TEST
- LESS PRONE TO FREEZING
